<b>Support:</b> Using only the space provided below, please explain the supporting evidence for your main points.	
<p>This issue was brought up by the North Idaho District President at Mid-Winter 2006. The Idaho FFA Association struggles with the fact that many of its members are not in official dress at FFA sponsored activities. One way that every member can see how important official dress is, is during the presentation of awards. Every award winner should be in official dress to be recognized on stage whether that is at Moscow for state CDEs or in Twin Falls at State Leadership Conference.</p>
